

MISSOURI TIGERS IN FINAL SCRIMMAGE

Make Good Showing in Game With Scrubs, and Coach O'Dea's Hopes Soar High.

EXPECTS TO WIN THURSDAY.

Annual Game With the Kansas Jayhawkers Will Be Played at Kansas City—Dinner to Girl Students.

REPUBLIC SPECIAL.
Columbia, Mo., Nov. 24.—The members of the Tiger football team, last night entertained a number of their young lady friends, who are students of the university, at an 8 o'clock dinner. The prospects of the team for winning the Kansas City game Thanksgiving were freely discussed and much enthusiasm was shown.

The dinner was served in six courses and was the society event of the season. Coach O'Dea and Mrs. C. W. Hetherington, wife of Doctor Hetherington, physical director, entertained the guests.

The team was on the practice field twice to-day, first at 10 o'clock this morning and later in the afternoon. In the afternoon play, the team went through its last scrimmage before the Thanksgiving game. They were lined up against a combination team of scrubs and all stars who played with signals. They succeeded in pushing over the scrub team by two touchdowns. Coach O'Dea and Washburn played with the scrubs.

The ground was very muddy and the playing decidedly disagreeable. The team showed up well and got into the game with much spirit and energy. Mass plays were made, the men sticking together well and pushing and carrying the runner over after he had been tackled. The backs kept their feet well, which was a decided improvement over their previous playing this season.

No player was seriously injured. Perry was slightly injured, but will be able to play Thursday in his usual good condition. L. W. Smith, the quick right end, is sick and probably will not be able to play. His place will be taken by Ed. Anderson, left back of last season's team.

Coach O'Dea is delighted over the result of the practice and is very confident that the Tigers will give the Jayhawkers the game of their lives. He is beginning more strict with the diet of the team, and is determined to allow nothing to be done that will injure their chances for victory.

The following is the line-up of this afternoon and the one which will probably play the Kansas team Thursday:

Children: center, Hayes, right guard, Holt, right tackle, Anderson, left end, Ed. Smith, left guard, Jesse, left tackle, E. B. Smith, center, Turner, right guard, Ed. Smith, left guard, Kirk, right tackle, right half, Anderson, left half, Perry, left back.

A special train will carry the excursionists and the football players to Kansas City.

YALE'S NET FOOTBALL.

RECEIPTS ABOUT \$50,000.

Gross Receipts Are About \$55,000, but Improvements Will Reduce The Profits.

REPUBLIC SPECIAL.
New Haven, Conn., Nov. 24.—Yale's gross receipts from her football games this season will be about \$55,000, and the net receipts about \$30,000.

President Alan Fox of the Football Association said to-day that the heavy expenses in erecting the additions to the stadium would keep down the profits several thousand dollars.

The gross receipts from the Yale-Harvard game were about \$20,000, and those from the Yale-Princeton game about \$4,000. Yale takes the average of about \$20,000 from the Yale-Harvard game and about \$2,000 as gross receipts from the game with Princeton.

The net receipts from the Syracuse game were about \$2,000, from the Bucknell game about \$2,000, from the Pennsylvania game about \$2,000 and from the other minor games about \$1,000.

The team should show a surplus over all expenses of \$15,000, which will break all records by several thousand dollars.

BUCHANAN COLLEGE WON.

REPUBLIC SPECIAL.
Bowling Green, Mo., Nov. 24.—In the football game to-day between Buchanan College and the College City, Buchanan was defeated by the score of 9 to 6.

John Cash Found Dead.

REPUBLIC SPECIAL.
Dallas, Tex., Nov. 24.—John Cash, a dairyman, supposed to have had considerable money in his pockets when he left Dallas, was found dead in a highway four miles from this city with a knife in his hand.

He was found in a car, and a man named Dallas to his home near Rainwater when he met his death. The Sheriff and Police departments are investigating, but no arrests have been made.

SORE NECK.

Take Scott's Emulsion for scrofula. Children often have sores on the neck that won't heal up. The sores may come and go. Parents may not know what the matter nor what to do. Scrofula is the trouble and Scott's Emulsion is the medicine.

Scott's Emulsion heals the sores. But that is not all. Scrofula leads to consumption. This is the real danger.

Scott's Emulsion is the "ounce of prevention" that keeps off consumption.

Send me a little to try, I like it.

WASHINGTON EXPECTS TO SCORE ON NOVEMBER

Local Players Making Desperate Efforts to Prepare for Thanksgiving.

SMITH ACADEMY IS AT WORK.

Red and White Eleven, Undeterred by Yesterday's Rain, Goes Through Its Practice.

Washington University's eleven is making desperate efforts to get on its feet in time for the game with the Haskell Indians, and Coach White is authority for the statement that his men may prove a surprise to the team. Outwitted and outclassed by the Haskell team, his aggregation, nevertheless, hopes to build down the score and to make the contest interesting.

As far as interest goes, the fact that the visiting team is composed of red men will do much to draw spectators. The Lawrence eleven has been putting up hard-fought contests throughout the season, and the ability of its players is unquestioned. The Haskell team is a new aggregation, and they have to serve their term of apprenticeship under the typical American football.

Indiana's Haskell college came directly from the reservation. They are full of spirit and have the typical American names when they reach the college. The tribal names, for instance, of two of the players are Red and White. Black Bull. Some of the men have assumed names that have regular family titles, such as Jones, Smith, and Brown, and this year's half back is named "Tommy."

Coach White is responsible for the tribes for returning the students, who are kept in good trim and are carefully watched by the coach. The Haskell eleven is a team of red men, and the coach is determined to see that they are not under great control, however, and no player is allowed to become over-enthusiastic.

They go into the game with great spirit, however, and put up the fastest and most desperate game of the season. As an exhibition, the game should be a good one, and the Haskell team is expected to win. The Haskell team is a team of red men, and the coach is determined to see that they are not under great control, however, and no player is allowed to become over-enthusiastic.

Washington's net will turn out in greater force than has been the case for the last few games and the makeup of the local eleven is a good one. The Haskell team is a team of red men, and the coach is determined to see that they are not under great control, however, and no player is allowed to become over-enthusiastic.

Smith Academy boys were undeterred by the rain yesterday and turned out at 8 o'clock for their practice. The team is a team of red men, and the coach is determined to see that they are not under great control, however, and no player is allowed to become over-enthusiastic.

High School players are complacent over the outlook, and expect victory for their team. The Haskell team is a team of red men, and the coach is determined to see that they are not under great control, however, and no player is allowed to become over-enthusiastic.

Coach Warner, who trains the Carlisle Indians, made his men use this position in the game with Columbia in 1896, and over so that she was shut in, cut off and lost. So the beans were spilled.

"I never saw such prices asked for horses in Chicago," continued Mr. Arnold. "I have seen horses sold for \$100,000, and when I tried to buy the animals my players had beaten I was asked \$5,000 for a horse that I could not get for \$1,000."

Mr. Arnold said that he had a poolroom at Fort Springs, said Mr. Arnold.

According to Assistant Manager Grace of the Chicago White Sox, the team is a team of red men, and the coach is determined to see that they are not under great control, however, and no player is allowed to become over-enthusiastic.

MAGIN LOOKS AHEAD TO \$50,000 HANDICAP

Outlines His Plans for Conditioning Great Turf Event of 1904.

WANTS WEIGHTS KEPT DOWN.

Doctor Rexford Thinks Crack Son of Bermuda Will Stand Work—Co-operative Bookmaking Concerns Multiply.

Edward A. Magin, handicapper of the St. Louis Fair Association and Delmar tracks, was downtown yesterday. Mr. Magin is full of the conditions of the great \$50,000 handicap which is to be run at the Fair Grounds in 1904.

"I came down to consult Mr. Tilles about the conditions of the race," said the handicapper. "My idea is to fix it so that no horse shall carry over 125 pounds and no 3-year-old more than 115. I hope to publish the weights of the race in the next few days. My intention is to impose the usual penalties, say four pounds for winners of \$1,000, six pounds for winners of \$2,000, eight pounds for winners of \$3,000, and so on to twelve pounds for winners of \$10,000. I do not want to get my Derby winners in over 115."

It is his purpose to have this race run around the end of June. I do not want to run it before the Suburban, for I hope to have the best of the Suburban contestants in it. Of course, the big Eastern owners will not "put a horse for the Suburban," said Magin. "I will have to look for the Suburban, then back East again for the Suburban."

Magin's stake will be worth five times as much as the Eastern classic, the gentlemen who race for glory, like Whitney and Keweenaw, secure season's cup, with all its historic attachments, and make one-year-olds race in the latter is worth a great deal more.

"I scarce fancy that a 3-year-old will win it, the race will be a close one, and the weights are adjusted. It is seldom that you find a 3-year-old good enough to beat old horses of general subjects, and then shipped back, a polished native, to furnish a challenge to his people. The eleven which plays here Thanksgiving Day is undergoing these phases of development."

Football will turn out in greater force than has been the case for the last few games and the makeup of the local eleven is a good one. The Haskell team is a team of red men, and the coach is determined to see that they are not under great control, however, and no player is allowed to become over-enthusiastic.
